OBJECTIVE

I'm looking for internship and fulltime employment possibilities to enhance technical expertise, obtain practical experience, and take part in cutting-edge engineering projects.

EDUCATION

2024-2027	**Bachelor of Technology in Computer Science and Engineering**
CGPA - 9.99	Jawaharlal Nehru Technological University College of Engineering, Hyderabad
2021-2024	**Diploma in Computer Engineering**
CGPA - 9.99	Government Polytechnic, Warangal
2020-2021	**Secondary School of Certificate**
GPA - 10	Infant Jesus Cinvent High School, Warangal

PROJECTS

Smart Pole Project :(using Arduino Mega, GPS module and GSM module, python)
Developed a smart pole system that detects emergencies and sends location-based alert messages to the nearest police station. Integrated sensors to monitor real-time data transmission. Enabled remote access and urban safety

Ride Connect Project :(HTML, CSS, JavaScript (Frontend), Python (Flask Backend), MySQL (Database))
Ride Connect is a platform that connects users with drivers for booking rides, offering driver-only or vehicle-with-driver options. Users request trips, and drivers accept ride requests for seamless management.

EXPERIENCE

Industrial Trainee at SRI BHADRAKALI TECNOLOGIES PVT.LTD | Dec 2023 – May 2024 Completed six months of Industrial training and gained hands-on experience in . Java, Python, .NET, and IoT.

SKILLS

Languages: C | C++ |Dsa Through Java **Development:** HTML | CSS | React **Subjects:** OS |CN |OOPS

CERTIFICATIONS

State Level Tech Fest (2023-24): Awarded State-Level Certificate at Srujana Tech Fest for the project "Smart Pole – Be Smart and Safe", focused on enhancing women's safety.
Industrial Training(Dec 2023 – May 2024): Completed course in Java, Python, .NET, and IoT.

ACHIEVEMENTS

TS ECET Rank: 9 over 20,000+ candidates
North South Foundation Scholarship: Merit-Based Scholarship, 2 Years | 2022-2024
